

5 things to remember

1 No Elevators! Pack smaller boxes that are easy to carry up stairs.

2 Pack a blanket and a fan: the same temperature feels different to different people.

3 There are limited outlets in each room: pack a power strip.

4 Bring Command or 3M strips. Do not use nails, duct tape, or blue tack, as they damage the walls.

5 Bring basic cleaning supplies for small spills and messes that happen throughout the year.

**RESIDENCE LIFE
AND HOUSING**

East Hall First Year Community

About Us

East Hall is alive with a sense of positive energy and community. It is a supportive and dynamic environment in which students can learn and grow both personally and academically. Students in first-year communities are given extra support in discovering how to make the most of their college experience.

1

Population

East hosts approximately 140 first-year students, and is co-educational.

2

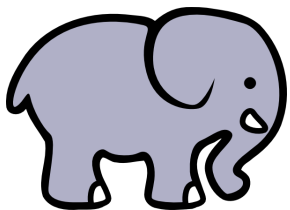

Rooms

Rooms are air-conditioned, single, double, and triple style, featuring tile floor rooms with hallway bathrooms.

3

Staff

There are 4 Resident Assistants (RAs) who live in the hall and 1 Community Coordinator (CC) who lives in Williams Hall.

Fun Fact:
East's mascot is
an elephant!

Amenities

Each floor contains two lobbies for socializing, as well as study rooms for quiet work alone or in small groups. The community also contains a ping pong table, television with cable, and a small kitchen equipped with a stove, oven, microwave, sink, and refrigerator. The laundry facilities for East Hall are conveniently located next door at the rear of the Orton Center and are credit and debit card-operated.

Roommates

Our RAs will provide Roommate Agreements to help facilitate conversations about how the new roommates want to share the room. It includes cleanliness, guest preferences, and more! Start early, talk now!
