

5 things to remember

1 No Elevators! Pack smaller boxes that are easy to carry up stairs.

2 Pack a blanket and a fan: the same temperature feels different to different people.

3 There are limited outlets in each room: pack a power strip.

4 Bring Command or 3M strips. Do not use nails, duct tape, or blue tack, as they damage the walls.

5 Bring basic cleaning supplies for small spills and messes that happen throughout the year.

**RESIDENCE LIFE
AND HOUSING**

Williams Hall First Year Community

About Us

Williams Hall is alive with community-building that creates a positive first-year student experience. The staff provides a supportive and dynamic learning environment that helps students get to know each other, learn how to get the most out of their college experience, and enhance their academic and personal development.

1

Population

Williams hosts approximately 140 first-year students, and is co-educational.

2

Rooms

Rooms are air-conditioned, single, double, and triple tile floor rooms with hallway bathrooms.

3

Staff

There are 4 Resident Assistants (RAs) who live in the hall and 1 Community Coordinator (CC) who lives in Williams Hall.

Fun Fact:
Williams' mascot is a whale!

Amenities

Each floor contains two lobbies for socializing, as well as study rooms for quiet work alone or in small groups. The community also contains a ping pong table, bean bag room, television with cable, as well as a small kitchen equipped with a stove, oven, microwave, sink, and refrigerator. The laundry facilities for Williams Hall are located on the third floor, and are credit and debit card-operated.

Roommates

Our RAs will provide Roommate Agreements to help facilitate conversations about how the new roommates want to share the room. It includes cleanliness, guest preferences, and more! Start early, talk now!
