SUMMARY/OBJECTIVE

Seasoned, multi-talented and results-driven professional, with multicultural experience from three continents. More than 15 years of experience as a math and economics instructor, independent financial and accounting consultant, and registered investment adviser. Proven and consistent record of delivering superior results, whether in the classroom, as a one-on-one student mentor and academic coach, or advising small businesses. A dedicated professional with exceptional attention to detail, who will bring enthusiasm, responsibility, and an excellent work ethic to the organization.

WORK EXPERIENCE

University of Redlands, Redlands, CA
